Download Our Mobile App Today!

Step 1 - Download & Install Poppulo Harmony App from Google Play or iOS App Store

If you have a company-issued device, app may have automatically downloaded. Proceed to Step 2.

Android Users:
Scan the Android App QR code below to download the Poppulo Harmony app.

iPhone Users:
Scan the iOS App QR code below to download the Poppulo Harmony app.

PSC App Store:
Scan the QR code below for company-issued devices.

Step 2 - Open the App & Enter Our Organization Code: psc

When you open the Poppulo app for the first time, enter the organization code: **psc** (be sure to use lowercase)

Step 3 - Select Your Login Method to Join

If you **do** have a prim.com email:
Tap Log in with Azure (this is our Primoris SSO)

If you are not logged into your PSC work account already on your mobile device, you will be redirected to the Microsoft SSO Authenticator to log in. Once logged in, you will be redirected into the Poppulo app. If you are already logged into your PSC account on your mobile device, you will be directed into the Poppulo app.

If you **do not** have a prim.com email:
**Tap Log in with your Employee I.D.**

Enter your User I.D. This is your Employee I.D.
HINT: do NOT include the leading zeroes (example: 95867, NOT 000095867)

Enter your Access Code. This is your date of birth using this format, including dashes: YEAR-MM-DD (example: if you were born on June 20, 1980, your access code is: 1980-06-20)

Tap Log In. Don't forget to allow push notifications!

HINT: The app may take several minutes to load content. Do not exit the app.

Choose Language: Select menu in the top left, then select: 🌐 Language Settings
