

## DIVIDE STATION SANTA MARIA, CALIFORNIA

### **LOCATION:** Santa Maria, CA

Divide Station is a regulator station where L-1010 and L 36-1007 meet and is located within the Santa Maria City limits. This complete station re-build project is designed to upgrade Divide Station by replacing four regulators with four new control valves, add a vessel to address issues with liquids in the pipeline, replace the Tele-safe with new SCADA Pak, install a new five-hundred foot deep well system with rectifier for cathodic protection, & relocate and upgrade the electric meter from 50 amps to 100 amps. A new downstream block valve was installed for isolation. As is common place when working within a station all excavating was done by hand. Superintendent Chris Wright & Crew completed this project on time & within the tie in / shut in window provided.

Founded in 1960, Primoris Services Corporation (Primoris) is the parent company of an array of vastly diversified infrastructure construction and engineering firms uniquely positioned to bid, design, innovate, build, and deliver in diverse end markets. Through its subsidiaries, Primoris provides a wide range of construction, fabrication, maintenance, and engineering services to major public utilities, petrochemical and energy companies, and municipalities. At Primoris, the health and safety of our employees is our top priority. Primoris is headquartered in Dallas and is a publicly traded company on NASDAQ under: PRIM.

ARB Underground, a subsidiary of Primoris, installs several types of underground structures including large-diameter transmission pipelines for natural gas, crude oil, petrochemical and petroleum products, natural gas distribution systems, water, sewer, drainage systems, high voltage power, and communications (fiber optics). Our quality of pipeline and related infrastructure construction is a major part of the foundation for the company's 60 plus year history. ARB Underground is headquartered in Lake Forest, California, and has multiple locations throughout the state of California.
