

GASOLINE DESULFURIZATION UNIT

OKLAHOMA

LOCATION:

Oklahoma

Primoris Design & Construction was awarded this Gasoline Desulfurization Unit Project to reduce the gasoline sulfur content to 10 wppm while minimizing octane loss of three different composition FCC gasoline feed streams and a straight run naphtha feed.

Founded in 1960, Primoris Services Corporation (Primoris) is the parent company of an array of vastly diversified infrastructure construction and engineering firms uniquely positioned to bid, design, innovate, build, and deliver in diverse end markets. Through its subsidiaries, Primoris provides a wide range of construction, fabrication, maintenance, and engineering services to major public utilities, petrochemical and energy companies, and municipalities. At Primoris, the health and safety of our employees is our top priority. Primoris is headquartered in Dallas and is a publicly traded company on NASDAQ under: PRIM.
